

ADSB: What is the latest?

What is all this BUZZ on ADSB? What is it? When does it go into effect? Will I be affected? Will only plane owners be affected? How will it change my flying? What is ADSB IN vs OUT? Can I use a portable to comply? Or does it have to be panel mounted? Will there be waivers for planes that don't have electrical systems?

Directions: This seminar will be located in the Modern Avionics Hanger.
